**DETAILED ACTION** 

Reissue Applications

Defective Oath

The reissue oath/declaration filed with this application is defective because it fails to identify

at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1)

and MPEP § 1414. Note that the original claims 1-3 as issued in the prior patent have no errors and

are not the claims in question. These claims can be the only claims that warrant the instant reissue

application. The claims in question are the non-elected claims 4-7 of the prior patent. Therefore, the

oath is defective for that reason.

The reissue oath/declaration filed with this application is defective because the error which

is relied upon to support the reissue application is not an error upon which a reissue can be based.

See 37 CFR 1.175(a)(1) and MPEP § 1414. This reissue cannot be based on the applicant's failure

to timely file a divisional application. Such is not considered to be an error causing a patent granted

on elected claims to be partially inoperative by reason of claiming less than the applicant had a right

to claim. Thefore, such error is not correctable by a reissue. See MPEP, section 1450. In re

Watkinson, 900 F.2d 230, 14 USPQ2d 1407 (Fed. Cir. 1990); In re Orita, 550 F.2d 1277, 1280, 193

USPQ 145, 148 (CCPA 1977). See also, In re Mead, 581 F.2d 251, 198 USPQ 412 (CCPA 1978).

You are not allowed to add the previous non-elected claims 4-7 that was canceled in the prior patent

in this reissue application. The canceled claims 4-7 were part of the restriction requirement made in the prior patent (Serial No.09/058,930).

Claims 1-7 are rejected as being based upon a defective reissue oath under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175. The nature of the defect(s) in the oath is set forth in the discussion above in this office action.

In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed.

Claims 1-7 are rejected as being based upon a defective oath under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defect is set forth above. Receipt of an appropriate supplemental oath/declaration under 37 CFR 1.175(b)(1) will overcome this rejection under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

"Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant."

The amendment submitted on March 27, 2003 is not in compliance with 37 CFR section 1.173(b). Therefore, such amendment will not be entered and considered.

The original patent, or a statement as to loss or inaccessibility of the original patent, must be received before this reissue application can be allowed. See 37 CFR 1.178.
